## SUMMER INTERN

27th Jul 2023 - 10th Aug 2023

During my internship at Techmicra, I gained a solid understanding of the Django framework and working with HTML, CSS AND JAVASCRIPT, I learned seamlessly integrate frontend components with Django backend.

---

## PROJECTS

### JOKE GENRATOR [\[GITHUB\]](#)

- I designed and developed a dynamic random jokes generation website using HTML, CSS, and JavaScript.
- Determine if the jokes are categorized or if there are different types of jokes (e.g., puns, dad jokes) to cater to various tastes.
- The website is hosted on GitHub, providing transparency and allowing others to view and contribute to the code.
- Utilized version control tools such as Git for efficient collaboration and code management.

### REGISTRATION FORM [\[GITHUB\]](#)

- The website appears to be focused on a registration form, implying user data collection or registration for a specific purpose.
- The website features a clean and straightforward design, enhancing user experience and making it easy to navigate.
- Presumably, there is a submit button for users to finalize their registration after filling out the form.
- Check the source code for the technologies used, such as HTML, CSS, and possibly JavaScript, to implement the interactive features.

## PORTFOLIO

- Elevating my online presence, I'm designing and developing a dynamic portfolio website using HTML, CSS, and JavaScript.
- The clean and responsive layout ensures a seamless experience across devices, while the incorporation of JavaScript adds interactivity and a touch of sophistication
- Implemented a section showcasing technical skills, programming languages, and tools, providing a comprehensive overview of your capabilities.
- Implemented strategies for optimizing website performance, ensuring fast loading times and a smooth browsing experience.

## OBJECTIVE

I am a highly motivated and hardworking individual seeking a responsible role in a reputable organization. I am always ready to showcase my skills in coding and problem-solving, and I am eager to contribute to the organization's growth. I am seeking an opportunity to make the best of my potential.

## EDUCATION

Gandhinagar Institute Of Technology, 2024  
Bachlor Of Engineering  
7.22 cgpa

---

## SKILLS

- **Programing Languages:** HTML, CSS, JAVASCRIPT, PYTHON, Basic PHP.
- **Problem Solving:** Excellent analytical skills, Quick learner, good listening skills.
- Ability to work independently or as part of a team.
- Strong communications and interpersonal skills.
- Strong knowledge of network protocols and security

---

## LANGUAGES

- English
- Hindhi
- Gujrati
- Sindhi

---

## HOBBIES

- Cricket
- Basketball
- Book Reading
- Movies
